

Reinforced USB Memory Keys

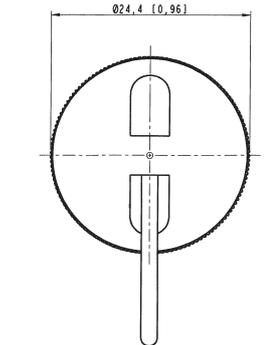

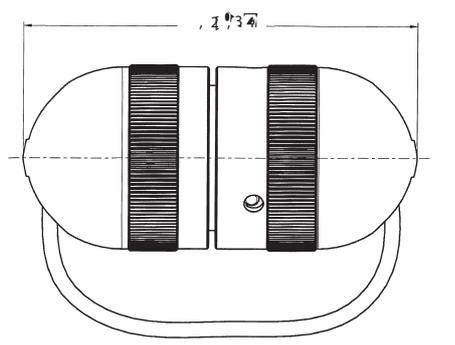

We provide reinforced USB memory keys available in different capacities. When adapted, the system is IP 8. The case is made with a 4 turn bayonet coupling. It provides a full protection of the data stored into the keys when the cap is closed. For full data protection during data transfers, check our USB memory keys.

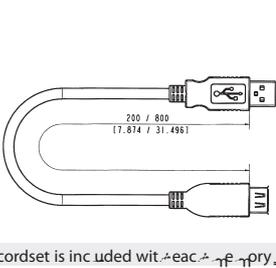

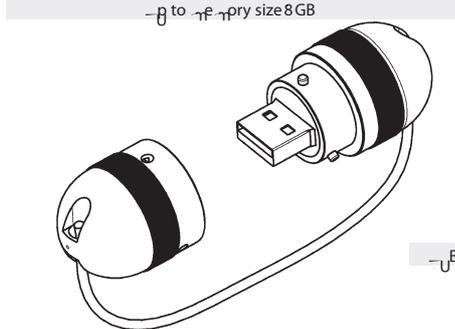

- Environmental protection**
- sealed IP 8 (when closed)
 - anti-spray 48 with anticorrosive paint (20H)
 - > with antibacterial coating (20H)
 - > with olive drab cadmium
 - vibrations MIL-T D-8 0 F (1000 Hz, 1.5 g, 10 min)
 - Temperature range -40 °C to +85 °C (MIL-T D-8 0 F)

IMPORTANT NOTE
Compatible with any standard USB port

- Other features**
- Type USB 2.0
 - Voltage DC - 5V (max)
 - Electromagnetic compatibility 8, 33, EEC and Part Class B

Note: Our reinforced memory keys are sold under standard electronic manufacturer construction for data storage. If, for your own use, you need to re-configure the electronic (under Linux for example, it will be under customer responsibility). Amphenol is not responsible for any wrong or misguided use of the product by its customers. Under request, we can provide you with electronic manufacturer details so you can check if their specific construction will work with the electronic (please specify memory capacity). Amphenol can also study the integration of electronic selected by a customer. In order to do so, we need to receive a sample of the USB memory stick so we can study its integration into our existing concept or adapt it. Please send your requests to contact@usbfield.com

USB cordset is included with each memory key

Reinforced Metal USB KEY with CAP SEALING IP 8

DEFINITION OF PART NUMBER

USB KEY	4096	N
Be intrinsic of every USB Key part number. Changes unannounced.	Capacity of your USB Key: 4096 MB Other capacity, please consult at contact@usbfield.com	Shell finish: N: Nickel G: Green B: Black

Fast Data Transfer
 EXAMPLE USBKEY4096N: USB MEMORY KEY CAPACITY OF 4096 MB - NICKEL FINISH
 EXAMPLE USBKEY8192G: USB MEMORY KEY CAPACITY OF 8192 MB - GREEN FINISH
